

Students Make Marine Mural!

The 4th and 5th graders of Edison Elementary have been making ocean animal paintings of kelp and ocean animals including fish, sharks, sea otters, sea lions, seals and much, much more! Great Job 4th and 5th graders! *by Emma H.*

Edison Beach Party

by Maia M. & Nora E.

The Edison beach party was a great way to spend the closing day of Ocean Week. We (the writers) have been talking to the people in charge of the great party. The person we've been talking to is Barbara, in charge of the food. Some of the great food items were: bow-tie pasta with a side of meat sauce, alfredo sauce, or tomato sauce, served with bread, apples, and oranges. "I love to set tables up and decorate the whole eating galley," said Barbara.

Frank (the person in charge of the fun games and music) talked to us about what will happen during school recesses. A couple activities that were going on were: the Macarena, volleyball, and other fun stuff. Hope you had a fun time during the Ocean Week Party!

Funny Fish by Devon J. and Christian R.

Does my bald spot have any hair yet?

grrrrrrrr

OH NO! That guy is going to die...
