

Ocean Week Interview

By: Kenzie B., Kate B., and Keixa B.

Pat Williams & Babs Sullivan are two of the teachers who are officially retired & came back to Edison for OW. We interviewed them so we could learn more about the OW history.

Babs Sullivan

Q#1. How long has OW been at Edison?

1993-12 yrs.

Q#2 What inspired you to come back for OW?

Pat - It's fun!!! Babs - Ocean & water is essential to our planet, it's a great way to learn!

Q#3. What are your favorite activities during OW?

Pat - Helping the kids, especially with squid dissection, & fish printing. Babs - The activities that bring the school together.

Q#5. Who started OW?

Kathy Pengally, Karen Forward, & Pat Williams on study leave.

Q#6. What's your favorite marine animal & why?

Babs - I like nudibranchs, because they are so colorful & fun to see. Pat - Plankton, because they are like invisible jewels in the sea.

Pat Williams

Q#7. Why does OW mean a lot to you?

Pat - The most meaningful thing to me is the study of marine habitats that lead up to OW. In all the grades K-5, OW is a great celebration. Babs - OW means a lot because it is a very unifying event for our school around a very important topic - water.

Dear Mr. Kelp

By Velvet

Dear Mr. Kelp:

I'm having some problems with the people. They throw their garbage on my rocky shore. On top of that, they dump oil in my salt water! Help!

Sincerely,

Spencer Pelican

Dear Mr. Pelican:

I think you should keep picking up the garbage, and hope that the human race will realize that the your population is decreasing.

Sincerely,

Mr. Kelp
