

Site Council Minutes November 14th 2007

- I. Reviewed previous minutes. Last meetings minutes were approved
- II. River Walk: Final number - \$21,460
- III. New YG parent added to site council: Marty Parisien marty@kestrelgrowth.com
- IV. By-Law amendment: If we have a vacancy in site council and a person interested in filling that vacancy after the first co-pilot meeting the of the year they will be voted on at site council and they will serve for the remainder of the year.
- V. 4j Shaping the Future: Reason for creating this task force is because of declining enrollment and change of demographics. Please do the survey online. Access on the 4j web site. Goal is by Feb 08 to share with the board the recommendations, then the board will make any decisions.
- VI. PE requirements: There is bill that states that by 2017 all students will need 225 minutes per week of physical activity. This group of 6th graders needs a certain number of minutes. This will cause an issue for students in YG and band. We also have an issue with all PE teachers need to be “highly qualified”.
- VII. Student Updates: Gabby Barton reported about field trip to LCC. Talked about community in our schools. Stereotyping was the topic that she seemed to have the most value. She feels that this is one of the key issues that Kelly needs to deal with. Perhaps student council could get involved in helping the student climate? This would mean student council being pulled out of classes more.
- VIII. Surveys: We are looking to create a survey that we can give to staff, students and parents to get feedback on how the school is doing.
