## Fee Info

Parent funding support is needed to maintain a strong instructional program for our students. The “General School Support” below is used to maintain instructional technology (including iPads), help make field trips possible, for classroom supply costs that exceed our general district funding, and for student planners. The student planner is used to help teach organizational and time management skills, as well as a communication device between school and home, and students will receive a new planner each trimester. We ask that families pay this if/as they are able, and we thank you for your support!
